Restrepo Consulting Group LLC Announces Desert Wildlife Project

(Las Vegas) – Restrepo Consulting Group (RCG) was hired by CH2MHILL to analyze visitation to each of the three units within the U.S. Fish and Wildlife Service Desert National Wildlife Complex (“DNWC”) that are open to the public, including the Desert National Wildlife Range, the Ash Meadows National Wildlife Refuge, and the Pahrangat National Wildlife Refuge, for the years 2005, 2010, and 2020. This analysis will assist CH2M HILL in developing short and long-term recommendations for transportation in and around the DNWC for the Federal Highway Administration.

RCG is a regional economics, urban design and planning and real estate consulting firm based in Las Vegas.
